
312 VEHICLE NOISE SIGNING

Signing that specifically restricts the use of engine braking equipment should not be placed on the state highway system. Signing that prohibits excessive vehicle noise in accordance with §ARS 28-955 (see Figure 312-A) may be placed under an encroachment permit by a local jurisdiction at the direction and approval of the appropriate ADOT District and Regional Traffic Engineer.

Signing may be allowed on state routes near the borders of municipal limits or defined boundaries in the case of unincorporated communities if approved by ADOT staff. **Encroachment permits shall be applied for by and issued only to the governing jurisdictional authority in the area.**
